BRANDED APPAREL & MERCHANDISE

MASTERS OF
BRANDED APPAREL

 **Lynka**
Since 1992

Who is Lynka?

Founded in 1992, Lynka has grown to be one of Europe's leading companies in the imprinted apparel and promotional products market. We source, supply, design and create branded apparel and merchandise ranging from promotional clothing, workwear, sportswear to corporate attire and accessories such as caps and bags.

Lynka has become known for its wide range of high-quality apparel and award-winning decoration. The modern production and logistics center located near Kraków, Poland represents one of Europe's most significant investments in apparel decoration and fulfillment.

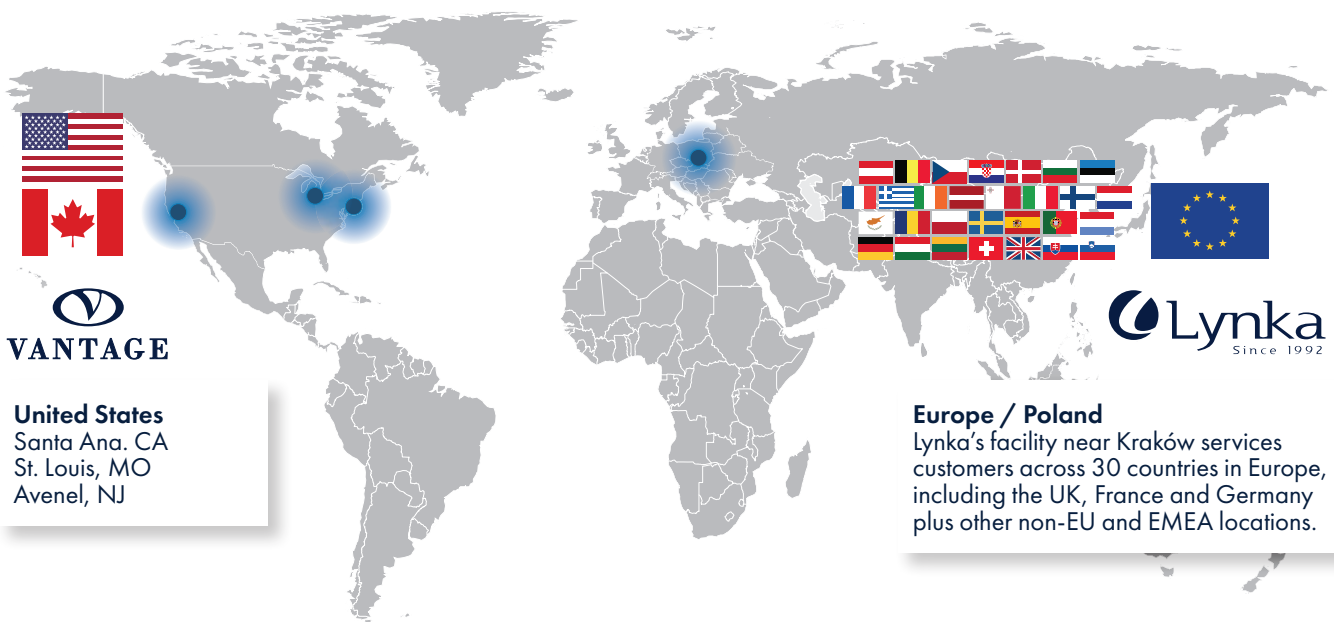

Since our beginnings, we've printed and embroidered over 100 million logos on apparel and accessories for clients across Europe – more than any other decorator. And our quality is second to none – we have won more awards for quality embellishment than any other company in Europe.

In 2021, Lynka joined forces with Vantage Apparel USA and today the combined entity has a global reach. In 2025, according to the industry-leading trade organization PPAI, Vantage/Lynka ranked #14 globally among promotional product suppliers.

Lynka's 2026 Sustainability Strategy

Lynka's sustainability strategy will be based on four core pillars: our company, our suppliers, our customers, and other stakeholders. Joining those pillars together will be our brands, packaging, Lynka employees and communities, in which we operate, responsible sourcing and the environment.

Reducing Our Carbon Footprint in 2025!

Lynka has been working relentlessly to reduce our carbon footprint for years and in early 2025 we made another great leap forward with the installation of solar panels on the grounds of our Kraków factory. The solar panels provide enough power to heat and light up Lynka for 6 months.

TIGER COTTON

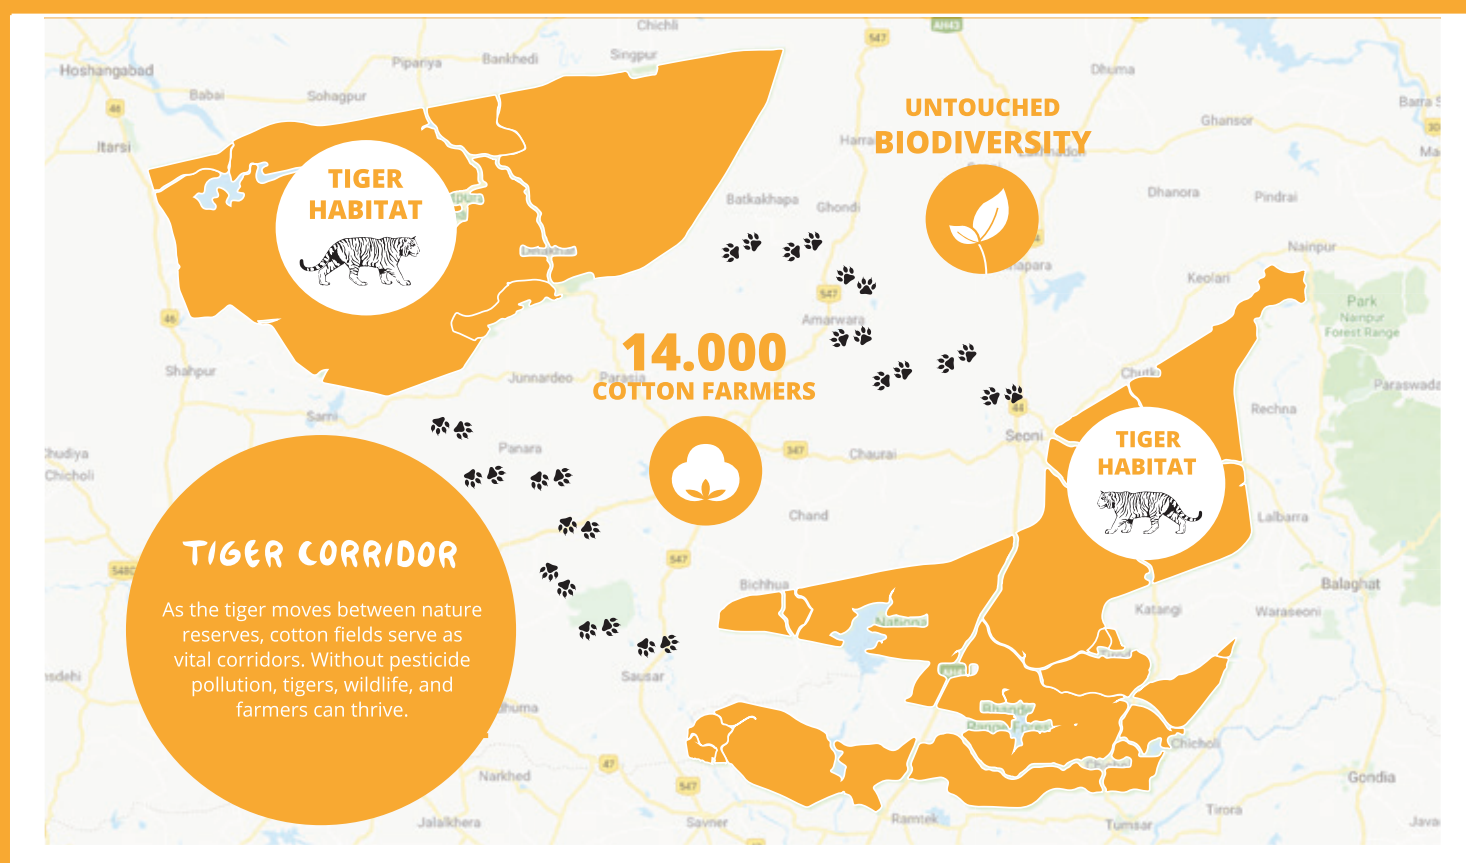

A LABEL FREE COLLECTION BY NEUTRAL®

Only 1.4% of the world's cotton is certified organic – we're here to change that!

That's why we started Tiger Cotton®, a project in collaboration with WWF India. Our goal is simple: To support cotton farmers in converting from conventional to organic farming, benefiting both people and the planet.

So far, more than 4,000 farmers have joined – and Tiger Cotton® has now grown into a full-scale, label free product line with 16 versatile products!

The best of all? They're made from 100% organic in-conversion cotton and certified with top standards such as EU Ecolabel, SA8000, and Oeko-Tex.
